THE REMARKS

Applicant filed amendment on February 28, 2002 to incorporate SEQ 35 from parent application 08/154,915. In the Office Action dated June 27, 2003, examiner stated that the amendments filed appeared to miss a portion of the paper copy of the sequence listing; the last page containing SEQ 34 and 35 was missing. The paper copy indicated there were 35 sequences and the CRF filed along with the paper copy did contain 35 sequences. The Examiner requested Applicant to provide a replacement copy of the paper copy of the sequence listing and a Statement. The examiner stated that a new CRF was NOT required. Applicant filed amendments on August 26, 2003 and submitted a replacement paper copy of sequence listing and a statement re sequence listing; the paper copy listed 35 sequences. In the Office Communication dated September 22, 2003, the examiner stated that the sequence listing and Statement submitted August 26, 2003 were acknowledged.

Applicants believe that no requisite fee is required because the above errors were incurred through the fault of the USPTO. No new matter is added in any of the above amendments. The Patent and Trademark Office is respectfully requested to issue a Certificate of Correction.

Respectfully submitted,

Date: April 12, 2012
